**Subject:** RE: NFA

Dear Sue,

Thank you for your email and link to the articles on the NFA website. The NFA have submitted representations in their own right as an independent charitable organisation which is totally separate from the NFNPA. We shall soon be submitting our own comments based on the [report](#) recently considered at the Authority meeting on 23 June 2011. I shall make sure you are copied in on our response.

In the meantime, please do let me know if you have any further queries.

Kind regards,

Steve
